Meeting Schedule

Next Meeting April 14, 2025

Club meetings are held on the second Monday of each month.

Next meeting

Our regular monthly meeting will be held on April 14th at 7:00 PM in the Litchfield Middle School, 19 McElwain Dr, Litchfield, NH 03052

The Bull sheet is published by the Southern New Hampshire Radio Control Club (SNHRCC), Inc, a non-profit Academy of Model Aeronautics (AMA) Chartered Club #408, for the promotion of building and flying Radio Controlled (RC) model aircraft.

BullSheet

Greetings Folks!

Despite the snow, it looks like spring is right around the corner. For this month's meeting, we'll have an update on the field situation, and we will have our annual show and tell for all of our winter projects. Come one, come all, and bring what you've been working on to show it off. I've got a new product on the way that you can buy and I'll have one of the first samples at this meeting.

See you Monday!

Southern NH Radio Control Club Meeting Minutes
Mar 10th, 2025
Litchfield Middle School

Officers in attendance: Cody, Ed and John

Secretaries and Treasurer's reports were read and accepted.

Cody updated the members on the re-applying process to regain use of Wagner Field. Andy Argenio has been helpful – AMA not much info. The Town Engineer is continuing to put roadblocks in front of us. We are still weighing the idea of the lawyer.

Some Members are getting some indoor flying in Exeter.

Cody did a demo of the AtomRC Swordfish with twin motors, he has been using it for FPV flying and says it fly's really well. Plane has a number of automated features.

The Recreational UAS Safety Test (TRUST)

<https://www.youtube.com/watch?v=ZklBwvy6gZc>

This video explains the TRUST Test REQUIREMENT.

<https://trust.modelaircraft.org/>

This is the Course/test site.

ABOUT THIS TRAINING

WELCOME TO THE RECREATIONAL UAS SAFETY TEST (TRUST)

The Academy of Model Aeronautics is an **FAA-approved Test Administrator of The Recreational UAS Safety Test** (TRUST).

TRUST is a collaboration between the FAA and industry to provide TRUST and educational safety material to Recreational Flyers.

Recreational flyers can access the TRUST here by clicking START below!

Upon completion of the test recreational flyers should print or save a digital copy of their completion certificate and keep it on their person when they fly. The Academy of Model Aeronautics cannot re-issue your completion certificate if it is lost. The FAA cannot re-issue your completion certificate. Should you lose your completion certificate, you will need to re-take TRUST and obtain a new certificate.

NOTAM

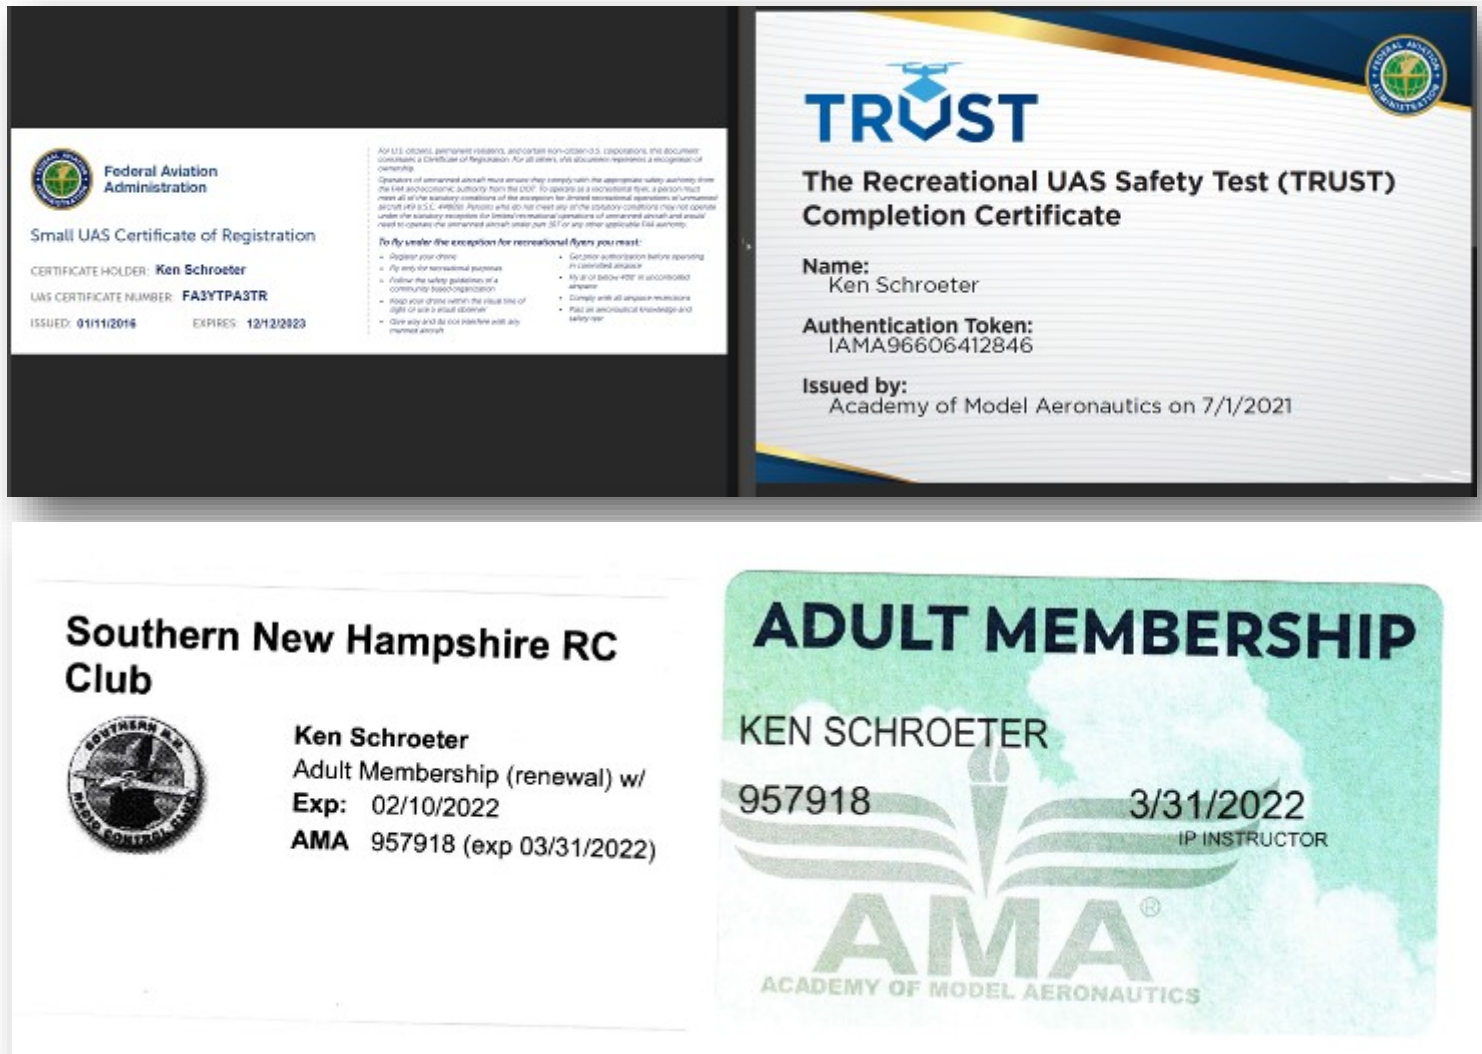

This is a requirement of the AMA and FAA, so please take the few minutes to take the course. The “test” is a set of slides explaining the knowledge base required, followed by a few “keep doing it until you get it right” questions that is the actual test. Its quite simple if you watch the slides. You will need to keep a copy of the certificate with you when flying. Once and done forever.

No whining,

REQUIRED FLIGHT DOCUMENTS

These are the required documents to fly at an AMA Chartered Field.

For the FAA you technically only need your FAA Number where it can be seen on your aircraft in plain view (i.e. not inside). I keep them in my radio box.

1. FAA Drone Registration Number/Card
2. TRUST Certificate
3. Current Club Card
4. Current AMA
