# BullSheet

Meeting Schedule

**Next Meeting  
8 December 2025**

Club meetings are held on the second Monday of each month.

**Next meeting**

Our regular monthly meeting will held on December 8th at 7:00 PM in the Litchfield Middle School.

The Bull sheet is published by the Southern New Hampshire Radio Control Club (SNHRCC), Inc, a non-profit Academy of Model Aeronautics (AMA) Chartered Club #408, for the promotion of building and flying Radio Controlled (RC) model aircraft.

# BullSheet

**Happy build season everybody!**

**This month, we will have a brief update about our work with Litchfield for our new field, as well as our annual Holiday party with some pizza and a Yankee swap. Bring in your gifts, spread the cheer around, and maybe make an enemy or two scooping up the most coveted prize.**

**Also, if you've made any progress on your winter projects, bring them in for an update.**

**See you Monday!**

**Cody**

# Club Officers

**PRESIDENT**

**Cody Wojcik**

**John Marien**  
603.860.0050

## Southern NH Radio Control Club Meeting Minutes Nov 10th, 2025 Litchfield Middle School

Officers in attendance: Cody, Mark, Ed, and John  
The secretary's and Treasurers reports were read and accepted.

Ed reported on the account conversions from Enterprise Bank to Rockland Trust.

Cody thanked all who came to the Nana's night club social.

John provided a report on the McQuesten farm potential flying field.

Cody reported on his discussion with Ray Breton and his contacts in Litchfield.

Ken mentioned the Misfits club in Auburn has lost its flying field.

Nominations were closed for the 2026 year; the current officers have all accepted nominations for another year. A single vote was taken to vote in the current officers for another year.

- President: Cody Wojcik
- Vice President: Mark Auclair
- Treasurer: Ed Vanderveen
- Secretary: John Hayes
- Safety Officer: Brian Nadeau

Several members brought in their old, damaged planes that will be repaired or refurbished as their club project.

The Fremont Flyers have, as of Nov 11<sup>th</sup>, begun flying indoors at the indoor soccer site.

John asked for a motion to allow an expenditure of up to \$1500.00 to be offered to the McQuesten Farm for use of part of their field. The motion was made and passed unanimously.

Hi all,

Our next meeting will be next Monday, Dec 8th.

We will be doing a Yankee Swap!

Like the past couple of Yankee Swaps, instead of going out and buying a R/C related item for the swap, dig through some of your unused items and wrap up an item, or a number of items with a value of approximately \$25. Of course, if you prefer, you can support the local hobby shop and bring something new. Either way, it's time for some fun!

Also we will be bringing in some pizza and drinks, so come have some fun and celebrate the Holidays!

See you all next Monday,

John

The Recreational UAS Safety Test (TRUST)

<https://www.youtube.com/watch?v=ZklBwvy6gZc>

This video explains the TRUST Test REQUIREMENT.

<https://trust.modelaircraft.org/>

This is the Course/test site.

## ABOUT THIS TRAINING

### WELCOME TO THE RECREATIONAL UAS SAFETY TEST (TRUST)

The Academy of Model Aeronautics is an **FAA-approved Test Administrator of The Recreational UAS Safety Test** (TRUST).

TRUST is a collaboration between the FAA and industry to provide TRUST and educational safety material to Recreational Flyers.

**Recreational flyers can access the TRUST here by clicking START below!**

Upon completion of the test recreational flyers should print or save a digital copy of their completion certificate and keep it on their person when they fly. The Academy of Model Aeronautics cannot re-issue your completion certificate if it is lost. The FAA cannot re-issue your completion certificate. Should you lose your completion certificate, you will need to re-take TRUST and obtain a new certificate.

**NOTAM**

This is a requirement of the AMA and FAA, so please take the few minutes to take the course. The “test” is a set of slides explaining the knowledge base required, followed by a few “keep doing it until you get it right” questions that is the actual test. Its quite simple if you watch the slides. You will need to keep a copy of the certificate with you when flying. Once and done forever.

No whining,

# REQUIRED FLIGHT DOCUMENTS

These are the required documents to fly at an AMA Chartered Field.  
For the FAA you technically only need your FAA Number where it can be seen on your aircraft in plain view (i.e. not inside). I keep them in my radio box.

1. FAA Drone Registration Number/Card
2. TRUST Certificate
3. Current Club Card
4. Current AMA
